**OUR MEANING OF SUCCESS IS THAT THE PEOPLE OF THE REMOTE VILLAGES GET THE SAME BENEFITS AS THE PEOPLE IN THE TOWN AND CITIES, SPECIALLY IN THE AREA OF HEALTH AND EDUCATION.**

**This famous statement by Mahatma Gandhi“  
The future of India lies in its villages”-**

Out of India's over one billion population about 75 percent live in villages. Hence the real progress of India is the development of the villages in India. We aim to take a small step in this direction.

# HEALTHCARE EDUCATION FOR RURAL VILLAGES ADOPTED

## What we have done so far...

- Adaptation of 9 villages till date since inception of our presence in this field in Gujarat.
- Till today more than 2500 patients have been benefited through 15 Quality health care camps.

Which includes:

1. Eye check camp with free distribution of spectacles & free cataract operation.
2. Multi diagnosed medical camp with free distribution of medicine.
3. Women awareness program with free distribution of sanitary pads & iron tablets & comic books on menstruation "Hello Periods".
4. ENT camps: With check up of hearing & distribution of hearing aid machines at reasonable rate.
5. Diabetic check up & awareness camp
6. Under sanitization & Swachh Bharat Mission 60 toilets were build.

## HEALTH CARE

- DIAGNOSTIC HEALTH CHECK UP & FREE MEDICINE DISTRIBUTION CAMP.
- EYE CAMPS with free distribution of eye drops & spectacles. Facilitating free cataract operation.
- ENT CAMPS & BLOOD PRESURE CAMPS.

## EDUCATION :- AWARENESS CAMPS

## ECONOMIC–LIVELIHOOD

**TO CREATE OPPORTUNITIES IN THE VILLAGES FOR THE YOUTH & WOMEN:**

Encouragement is given to the farmers as well as women to have small business activities to supplement their income. This will reduce the village youths from migrating to and nearby towns for higher education and employment.

## **GAP(GLOBAL ACTION ON POVERTY)**

- GAP is an organisation supported by TATA TRUST has selected us from amongst many NGOs from India.
- GAP is supporting us with the objective of sustainable livelihoods which has direct impact on poverty.
- The GAP Intensive programme has commenced in the villages of Ghoda and Jalapura from Dec 2017

## **LIVELIHOOD PROGRAM FOR WOMEN IN GHODA & JALAMPURA WITH THE SUPPORT OF GLOBAL ACTION ON POVERTY (GAP).**

HERVA FOUNDATION have been chosen to be part of the GAP Intensive ~ ( Global Action on Poverty). The Gap team visited us on 17th Nov 2017 and visited the two villages of Ghoda & Jalapura. It was decided to start the LIVELIHOOD PROGRAM at this two villages. The women in the villages who know stitching will make cotton bags like the sample bags given to them. They will be paid for each bag they stitched. This will enable them to have an additional income.

## Jhute Pahan Kar School Chale Hum ----

In continuation of our Mission to create health and hygienic awareness in villages, we distributed shoes and socks free of cost to students of Std 1st to 5th ( boys and girls ) in the villages of Ghoda , Jalampura in Viramgam ( 370 shoes & socks)& Rudatal in Detroj taluka (161shoes & socks).

More than 80% of the students were not having shoe or slippers. There is no shoe /chappala shop in or around the villages and they have to go to the nearest town. Hence the children do not know how to wear socks and shoes.

The idea behind this project is to teach cleanliness to the students with the help of their teachers as the earlier we impart such knowledge to the young minds they will follow it as they grow older. Shoes will also protect the small legs of the children from dirt and injury.

This project has been successful with the help and involvement of Lions Club of Ahmedabad Main (Dist-3232B1) and various donors who sponsored minimum of 10 students.

We intend to carry our this project in all villages.

## What we are planning next???

- We are seeking collaboration with reputed hospital having a fully equipped van with medical and para-medical staff, to provide services to villagers at doorstep.
- Training program for the farmers by CORDET, Kalol. (IFFCO promoted entity)
- Waste Management
- Safe Drinking Water :- Erect RO Plant Sufficient for Each family to get 20 litres of drinking water every day with a swipe of a card.
- Creating financial awareness
- Vocational training - to make Villagers self reliant – To Stop migration from village.
- Promotion of arts & crafts.
- Spending time with villagers in their Village.

## Create in every village –

**“HERVA SAATHI” & “HERVA SAKHI”** between villagers and **HERVA**

## Herva's first achievement.
